NATIONAL LEAGUE.

DETRO!T, Mich., Sept. 3.-Winnie Mer. cer erased another I. O. U. that Managet Manning held against him today. He pitched one of the most skillful games ever seen on the grounds, and in addition to that he made the single in the tenth to that he made the single in the tenth inning that broke the spell and enabled Washington to go away with as many scalps as were left. Mercer was master of the situation from start to finish, and one man reached first base in six innings. He grew wild in the seventh and eighth, but recovered his composure and pitched himself out of some very uncomforta-

The playing of the Washingtons was in marked contrast with the frequent exhibitions of stupidity yesterday. They had unlimited ginger and were accurate and fortunate in their fielding. Farrell put up a sensational game at second, although with no brass band attachments. He killed many hits in an easy way and made shut Boston out twice today. The first plays look simple which would not have been made under other circumstances. Lewis and Moore, while in the second Grady model of the control Grady spoiled five grounders in his territory and played a splendid game. Mer-cer was very handy on bunts and every-CLEVELAN thing else that came his way, and his error did not count in the score. Dungan not only fielded well but he led them a! with the bat, and his efforts were mos timely for the team and disastrous for

Yeager was never a mystery to the Sen ors. They hit him at all stages, alough they made few runs; but seven of the ten safe ones counted. The Tigers were somewhat off in their fielding and played a poor game in contrast with the brilliant effort by which they saved Miller yesterday afternoon. Elberfeld and Glea son contributed some clever stops and Yenger played his usual game. Casey and Holmes were the only ones who could hi very much. Farrell and Dungan singled with one out in the opening inning and Clarke retired, advancing both. Eiberfeld fumbled Grady's bounder and scored Parrell, but he handled Foster's fast one and

another man reached the initial sack until Casey tripled in the seventh. Elber-feld and Nance were both given free passes and the bases were full when Dil n hit a line fly to Waldron. Yeager was hit in the eighth and Barrett's out advanced him. He stored when Holmes his for a base. Elberfeld opened the ninth with a hit and Nance sacrificed. Mercer threw wild to second to catch Elberfeld and gave him third. McAllister was sent to bat in Shaw's place and lined out i

single, scoring the tying run. Everybody was yelling when the tenth came on and Clarke got a base for waiting. Grady hit safely and Foster flew to Dillon. Coughlin's short hit filled the bags. Clingman knocked Yeager down with a mean bounder that Yeager recov-ered, and, half sitting on the ground, he threw Clarke out at the plate. It was all up to Mercer, who lifted a short, low fiy over third scoring Grady, and Coughling came home before Nance discovered what to do with the ball. Waldron was out from Casey, but the Senators had made two good runs.

Detroit started off bravely in the tenth gled, but two flies and an easy chance to

DYSENTERY CURED WITHOUT THE AID OF A DOCTOR.

"I am just up from a bard spell of the flux" (dysentery), says Mr. T. A. Pinner, a well-known merchant of In amnood, Tenn. "I used one small bottle of Chamberlain's Colle, Cholera, and Diarrhoea Remedy, and was cured without having a doctor. I consider it the best cholera medicine in the world." There is no need of employing a doctor when this remedy is used, for no doctor can prescribe a better medicine for bowel complaint in any form, either for children or adults. I never fails and is pleasant to take. For sale by Henry Evans, wholesale and retail, 924 F Street, and all druggists.

M'GINNITY FREE TO PITCH.

President Johnson Reinstates Him CHICAGO, Sept. 3 .- Joe McGinnity, the ron man, was today reinstated by President Ban Johnson, and is again in good standing in the American League. A fine was imposed, and with the reinstatement. it is understood that he shall apologize to Umpire Connolly. Jack Katoli also received elemency and was reinstated after promising to apologize to Haskell and pay a fine

"It was Katoll's first offence," said ohnson. "Besides, I really believe that had he been seriously destrous of hurting Haskell, I think he would have thrown the ball at the latter's head instead of his shins."

More Honors at Sea Girt.

Team of the First Regiment Cap Second-Canadians' Good Showing.

SEA GIRT, Sept. 3 .- This was the fourth day of the annual rifle meeting at Sea Girt, and while the matches were not considered as important as that of vesterday when the Hilton trophy was shot for, interest, nevertheless, was keen. No better weather conditions could have been desired. The beautiful Ulster jewel for the member of the New Jersey team making the highest score in the Hilten trophy match was won by Dr. W. G. Hudson, of the Fourth Regiment, who made a score

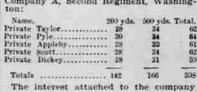

The company team match occupied the attention of the sharpshooters this morn-"If anybody thinks the National leaguers in the American League have had a bed of roses to travel this year of Columbia riflemen have no superiors, National have been picked out as causing players who left the older organization last winter for Ban Johnson's, they have ron A, New York, 124; Battery A,

National in their lives and who are making good against those brought over last winter as there usually are in the National. Where can better youngsters be found than Winters, Mitchell, Moore, Miller, and Patterson? They can hold their own with the best National League company and they have never been in the National. If pitching is poor and the batting is strong, what has been the matter this year with Louis Criger and Bill Clarke? Both of them were way up in stick work last year in the National, and look where they are now-hitting about 259. These comparisons between the two leagues are odious, as comparisons always are. The leagues are more evenly matched than people think they are. The first team from the Second Regiment, District of Columbia, won the company team match from Eattery B, Massachusetts, by 17 points, over coming the Bostonians' lead of on the 200-yard range and are. The leagues are more evenly matched than people think they are.

"The Boston Club has had great good fortune this year. We have been up near the top most of the time, and the people here are with us heart and soul, so much so that Soden had to come to the 25 cent limit. Still we draw the crowds and now the club is on velvet. We have enough shead, after paying all necessary expenses for the year, to carry the team to the end of the season, and every cent taken in from now on can be laid away in the strong box for it rainy day. We ought to play to \$20,000 more before the end of the season, and if the club stays at the top with a close finish to Chicago, I think we will do it." running up 15 more. Three of the five Washingtonians scored 34 out of 25, Private C. McC. Taylor, Private R. L. Pyle, and Private E. W. Scott. The second District of Columbia team got third place, with a score of 282, and Company C. Massachusetts Cadets, and the First Phil-adelphia Troop tied for fourth place, with 238. Company C. Fourth New Jersey, was fifth, with 269; Company A. Third Penn-sylvania, sixth, 255; Troop I, Squadron A. New York, seventh, 251; Company K, Third Pennsylvania, eighth, 247; Troop (One) A. Maryland, ninth, 241; Battery A. New Jersey Field Artillery, tenth, 228.

Shugart is said to have had all kinds of offers since President Johnson has put his Following are the individual scores. Company A, Second Regiment, Washing-Western League, has made him an offer of \$200 a month to finish the season, and another club has made a still better offer to him to take the reins and manage it. Shugart will not accept anything this season, however, until the whole trouble is settled, so far as the league officials are concerned.

Comiskey has taken the managerial reins for the rest of the season, and fig-ures that if the Chicagos can increase their lead to four or five games during the Western series it will enable them to hold it to the wire. Adkins, the Beloit College pitcher, who has signed a Milwaukee contract for next season, is under the ban of professionalism on account of his playing with a semi-professional team. Adkins expects to play on the Beloit football team this fall.

ple. The First Regiment of Washington here increased its lead by only one point, and won the match with a total score of 545.

The Twelfth New York had 540, and looked good for second place, but the Canadians, on the long range, were doing the best shooting of the day. Ross and Major Mason both finished with 49, Robertson got 46, Hayhurst banged out 46, Huggins retired with 46, and Stedden capped the climax with a possible 20.

The Canadians score on the 590-yard targets was 285, and was the best made on the ranges. Their grand total was 540, the same as that of the Twelfth New York, but the fact that the Canadians had the best score at the last stage of the match gave them second place.

Following are the scores:

First Regiment, District of Columbia, 545; Thirteenth Regiment, Canada, 546; Twelfth Regiment, New York, 534; Second Regiment, District of Columbia, 528; Seventy-first New York, 524; Sixteenth Infantry-first New York, 524; Sixteenth Infantry-first New York, 525; First Cadet Corps, Massachusetts, Heavy Artillery, 503; First New Jersey, 485; First Cadet Corps, Massachusetts, Heavy Artillery, 504; First New Jersey, 485; First Cadet Corps, Massachusetts, 485; Second Maine, 491; Second New Jersey, 485; First Leam, Fifth Infantry, Maryland, 475; Third New Jersey, 481; Sundaron A, New York, 525; Cunted States Naval Reserves from New Jersey, 482; Squadron A, New York, 485; Second team, Fifth Maryland, 452; Third Pennsylvania, 424; Sixth Ohlo, 308.

The scores of the First Regiment, District of Columbia, which won the match, were as follows: Young, 55; Wetherald, 92; Allison, 91; Fink, 94; Rizlar, 90; Bell, 36.

From the way in which the Canadians shot the long range, it is evident that the shoot for the Palma trophy on Friday will excite a great deal of interes.

The result of the regimental Interstate match also decided the winner of the New Jersey Guard match, which was won by the Fourth Regiment with a score of 596. The beautiful Uster Jewel presented by Capt, James Wilson, of the Irish rife team, to the

The interest attached to the company shoot was nothing in comparison to that shown in the regimental interstate match, which had twenty-one contestants. New York entered teams from the Twelfth, Seventy-first, and Seventh, and Squadron A. The distances were 200 and 500 yards, ten shots at each. The Washington marksmen duplicated their morning performance, but only had a margin of 5 points-the majority by which they won the Hilton trophy.

The finish of the first stage found the

It was a close race, and when they went to the 500-yard target; they were followed by hundreds of people. The First Regiment of Washington here increased its lead by only one point, and won the match with a total score of 545.

JEFFRIES TO FIGHT KENNEDY. Likely to Meet Him Before the Bat-

tle With Rublin. SAN FRANCISCO, Cal., Sept. 2.—James Jeffries' first fight will not be with Gus Ruhlin, but with Joe Kentedy, who has puzzled some of the very best heavy-weights in the ring. All that remains to ensure the match is an agreement over the date, which is now under dispute.

Jeffries, who is going on the road this month, is destrious of meeting Kennedy before the Reliance Cluth of Oakland, which is handling the affair, on September 15, making it his first appearance in public since he signed articles with Ruhlin. Kennedy is holding out for a later date to get himself into satisfactory condition. Kennedy wants to fight on September 24, and the cub will telephone to the champlen at Harbin Springs to ask him to accept this date.

The club will give the fighters 60 per cent of the gross receipts, of the fighters' share, Jeffries will take 80 per cent, win or loss, but if Kennedy sticks four rounds, Jeffries will present him with \$190. Ruhlin, but with Joe Kennedy, who has
